WHAT IS INVEST A GOAT

Invest a Goat is a convenient way we connect investors to commercial Goat farming projects without the hassle of physically farming goats. This is an alternative income generator platform that allows the investor to buy into an operational Goat farming project.

STARTING AT:

R3000

PER INVESTMENT MEMBERSHIP

PER INVESTMENT COVERING:

- Goat/Sheep Purchase
- Keeping for 6 months to 1 year
- Farming Costs & Management

INVESTMENT PERIOD

- First Circle (6 Months)
- Second Circle (12 Months)
- Inclusive of Safety
- Health & Feeding Management

INVESTMENT PAY OUT

- 14% Per Investment Cycle.
- Compounding Per Second Circle of Investment

Your investment - we refer to as a '**Goat**', is of monetary value with which we invest in an already running **Goat** farming project. This is to assist a commercial goat farmers be able to reach markets . Your **Goat** gains interest Annually which pays out either yearly or at the end of the investment period, depending on how many goats you invest.

ANNUAL INCOME:

The average profit % per investment Circle over the investment period per **Goat** starts from 14% of Interest

*Calculated per investment Deposited.

PROJECTED RETURNS

Each Investor can invest as much as 50 **Goats** - with interest calculated on the over all investment total. We treat these investments with a Crowdfunding formula - each investor gets as much they have invested. If interest is not withdrawn -it becomes compound interest in the initial investment.

OPERATIONS

We have access to farmers and a closely managed supply chain of goats that enables us never to have the risk of not having enough stock for trade. There is a contractual agreement signed with any sign up to Invest - a - goat.

SECURITY & RISK MANAGEMENT

We oversee 7 goat farming projects in the country, from the primary farming to the value adding agro - processing. Invest-a-goat has taken all the risks and costs of farming goats to simplify and ensure returns for any investor. After the First year has elapsed the investor has the option of buying any number of goats at a discounted rate, whilst stocks are available.
